PROFESSIONAL SUMMARY

MERN Stack Developer with hands-on project experience in building full-stack web applications using **MongoDB, Express.js, React, and Node.js**. Skilled in creating responsive user interfaces, developing **RESTful APIs**, and integrating databases. Strong understanding of **Data Structures and Algorithms**, with experience solving problems using arrays, strings, stacks, queues, and recursion to write optimized and efficient code. Passionate about learning new technologies and building real-world applications.

TECHNICAL SKILLS

- **Programming Languages:** C/C++, Java, JavaScript, TypeScript.
- **Databases**: MongoDB, MySQL, PostgreSQL.
- **Backend:** NodeJs, Spring Boot, ExpressJs,.
- **Frontend**: HTML, CSS, React.js, Tailwind CSS, Next.js, jQuery.
- **Tools:** Git, GitHub, Postman
- **Proficiency In:** Competitive Programming, OOPs, DBMS, DSA, OS, REST APIs, OAuth, JWT Authentication

PROJECTS

AI Powered Resume Builder [Sep 2025 – Present]

- Developed a full-stack AI powered resume builder using MongoDB, Express.js, React, and Node.js, allowing users to create professional resumes through a guided form-based process.
- Integrated an AI API to automatically generate optimized resume content (summary, skills, experience) based on user-provided details.
- Implemented secure user authentication and authorization, enabling users to save, edit, and manage multiple resumes with persistent data storage in MongoDB.

Doctor Appointment Booking System [Apr 2025 – Present]

- Developed a **full-stack Doctor Appointment Booking System** using the **MERN stack**, allowing patients to book appointments and complete payments securely online.
- Integrated **Razorpay Payment Gateway** for real-time appointment payments, handling order creation, payment verification, and secure transaction flow.
- Implemented **role-based authentication** for patients and doctors, enabling doctors to manage schedules and patients to view, book, and pay for appointments.
- Built **RESTful APIs** with Node.js and Express.js for appointment management, payment status tracking, and MongoDB-based data persistence.

WORK EXPERIENCE

ZIDIO Development Intern   July 2024 - Aug-2024

I worked as a **Full Stack Developer Intern** at **Zidio Development**, where I was actively involved in developing and maintaining **live, production-level projects** based on real-world business requirements. During this internship, I worked extensively with the **MERN stack (MongoDB, Express.js, React, and Node.js)**, contributing to both frontend and backend development. I designed and implemented responsive and user-friendly interfaces using React, ensured smooth data flow through RESTful APIs, and handled database design and CRUD operations using MongoDB

EDUCATION

Mahakal Institute of Technology (Affiliated to RGPV)   [2022-Present]

B-Tech: Computer Science and Engineering | 7.00 CGPA

Vinay Adarsh Higher Secondary School

12th MP Board in PCM | 76%   [Graduation Date- Apr 2022]

10th MP Board | 77%   [Graduation Date- Apr 2020]
